

Love Story or Sunset Session

Your **Sunset Session** or **Love Story** will leave a lasting impression of the feelings you have for one another. **Alchemy** will plan your **Sunset Session** or **Love Story** with you. **Love Story** themes may vary depending upon your desire. For example, a story may take place perhaps with a walk at the beach or at the park or a romantic place of your desire. Our emphasis is on romance and the feelings you have for one another. We suggest you provide a surprise comment about one another.

Other themes such as comical, emotional, humorous are popular. Perhaps childhood and family photos, comments or interviews from family or friends.

Love Story videos will usually be approximately 15 minutes in duration but may vary depending on the desired theme and content. Your **Sunset Session** or **Love Story** can be shown at your rehearsal dinner or during your cocktail hour, reception or at your anniversary dinner. It has proven to be very emotional and exciting to be able to see the **Love Story** recreated for all to enjoy for years to come.
